

A3 COMMUNICATIONS RECEIVES AWARD AT TECHNOLOGY INDUSTRY'S TOP EVENT

*Technology Assurance Group
Recognizes A3 Technology Solutions
as an Elite Unified Communications
Provider*

COLUMBIA, SC — October 1, 2012 — A3 Communications Inc., a leading unified communications provider, announced today that the company received one of Technology Assurance Group's top awards at the organization's 2012 Convention held in New Orleans, LA in September. Technology Assurance Group (TAG), an international organization of independently owned unified communications companies in the United States and Canada, selected A3 as the winner of the "Best Unified Communications Provider" award. A3 Communications accepted the award at prestigious awards ceremony attended by the dominant forces unified communications, including TAG's Member companies and leading technology manufacturers.

The highly sought after award, is based on the company's ability to demonstrate excellence and provide a blend of technology that satisfies all of the needs of

small to mid-sized businesses. A3 offers an unmatched array of data networking, voice, and video solutions all designed to increase their customers' profitability and productivity. The "Best Unified Communications Provider" award was presented to Joe Thomas, CEO of A3 Communications. "Our goal as a company is to continue to strive to be on the leading edge of technology," said Mr. Thomas. "We're proud to have won this award among such a sophisticated group of UC providers."

Dale Johnson, CEO of TAG, presented the award to Mr. Thomas. "A3 has been a great company for many years and they continue to stand out as an exceptional TAG Member. It was no surprise that they received this recognition," commented Mr. Johnson. Their commitment to continually educate to their clientele on the latest advancements in technology is why they deserve to be recognized as the best provider in our industry."

A3 Communications Inc. is committed to providing exceptional value through

managed services that assures a fixed cost for their business partners. Their highly trained and motivated professionals will constantly strive to offer proactive services that maximize the profits, productivity, and competitive advantages of those partners.
