

A3 Communications Receives Top Industry Award for Fourth Straight Year

Technology Assurance Group Awards Leading Technology Provider at Their 15th Annual TAG Convention

COLUMBIA, SC (June 19, 2015) — A3 Communications Inc., America's sixth fastest growing systems integrator, announced today that the company received Technology Assurance Group's top award at the 15th Annual TAG Convention recently held in Savannah, GA.

Technology Assurance Group (TAG), an international organization of independently owned unified communications companies in the United States and Canada, selected A3 as the winner of the "Unsurpassed Excellence in Sales" award. A3 Communications accepted the award at the prestigious awards ceremony attended by the dominant forces of unified communications, including TAG's member companies and leading technology manufacturers.

The award is based on the company's ability to demonstrate excellence and provide a blend of technology that satisfies all of the needs of small to mid-sized businesses. A3 offers an array of data networking, voice, and video solutions all designed to increase their customers' profitability and productivity. The "Unsurpassed Excellence in Sales" award was received by Joe Thomas, Chairman and Founder of A3 Communications. "We are honored to accept this award for the fourth straight year. Our company always strives to be on the leading edge of technology," said Thomas.

"A3 continues to stand out as an exceptional TAG member. It was no surprise that they received this award four years in a row," commented Brian Suerth, President of TAG. "They are committed to continually educating their clientele on the latest advancements in technology. This is why they deserve to be recognized as the best provider in our industry."

A3 Communications is committed to providing exceptional value to their customers. Their highly trained and motivated professionals will constantly strive to offer proactive services that maximize the profits, productivity and competitive advantages of their clients.
