

A3 Communications Named Fourth Fastest-Growing Large Company in SC

Third Consecutive Year as SC Biz News' Roaring 20s Finalist

COLUMBIA, SC (October 20, 2016) — A3 Communications, Inc., America's second fastest growing systems integrator, recently announced its recognition as one of SC Biz News' Roaring Twenties 40 Fastest Growing Companies in South Carolina for the third consecutive year. President Brian Thomas and Director of Marketing Michelle Moshinskie accepted the award on behalf of the 96-person firm on Oct. 12, 2016, during a ceremony at the Columbia Marriott, sponsored by Cherry Bekaert and Nexsen Pruet.

"We are honored to earn the fourth spot among such a diverse and successful assembly of businesses," said Brian Thomas, President. "Our continued growth is a result of a dedicated and talented staff who regularly exceed our annual goals, raising the bar for our performance and our clients' expectations."

For consideration, companies must have a physical South Carolina presence, be a commercial enterprise or non-profit and have an annual gross revenue of at least \$500,000 for each of the fiscal years ending 2013, 2014 and 2015. Selected companies are then divided into "small" (\$10 million and under) and "large" (more than \$10 million) categories and ranked on their one-year revenue growth.

"Not only did we implement a mass hiring campaign throughout the past year, we also opened two new offices in Raleigh, N.C., and Milledgeville, Ga., to help us continue serving our thriving client base," said Thomas. "Our growth is attributed to the strategic decisions that allow us to provide the support and sustainable design our customers have come to expect."
