

A3 Communications' Low Country Office Moves to New Home

Relocation to Summerville, South Carolina

SUMMERVILLE, SC (September 26, 2016) — A3 Communications, Inc., America's second fastest growing system integrator, recently announced the relocation of their Charleston office. Previously based in the North Charleston area, the company moved its Lowcountry operations to 102 Sangaree Park Court, Suite 9, in Summerville, S.C., a 8,000-square-foot facility conveniently located off of I-26.

"We're thrilled that beautiful Summerville has welcomed our team with open arms," said Ken Mettler, Regional Operations Manager. "Our continuous growth has made it necessary to find larger accommodations, so we look forward to serving our thriving customer base from this great location."

Housing an impressive 4,000 square feet of office space and 4,000 feet of warehouse space, the firm plans to install some of their leading products lines to provide on-site demonstrations, as well as designate two separate areas for engineers to program and configure systems prior to deployment and train staff. "This office has given us room to breathe, in addition to providing some really effective mixed-use spaces for our employees," said Mettler.

The Summerville office is managed by Rob Sherman, an experienced managerial and accounts professional with nearly three decades of experience. Sherman has provided leadership and oversight of this region since the company's original expansion in the early 2000's.

"I have lived in this area for most of my life," said Sherman. "It's a wonderful community, so we are very excited to establish ourselves as helpful neighbors with award-winning technology solutions, a growing roster of certified engineers and technicians, and the desire to give back to the places in which we live and work."

The new Summerville office will support A3 Communications' six other locations, including the corporate headquarters in Columbia, S.C., and locations in Greenville, S.C, Raleigh, N.C., Charlotte, N.C, Atlanta, Ga., and Milledgeville, Ga.
