

A3 Communications Receives Two Awards for Company Growth

Named Fastest Growing Company Multiple Times

COLUMBIA, SC (October 29, 2015) — For accelerated growth and continuing success, A3 Communications, America's sixth fastest growing systems integrator, recently announced it was named a winner of The Capital Corporation's 25 Fastest Growing Companies award and SC Biz News' Roaring Twenties Fastest Growing Companies in the State award. Chief Executive Officer Joe Thomas and President Brian Thomas accepted the respective awards on behalf of the 80-person firm.

Recognized as number 12 by The Capital Corporation, the 25 Fastest Growing Companies competition has honored the state's most successful businesses and their contributions to South Carolina's economic vitality. This year, more than 65 companies were nominated to join the elite ranking. In addition, A3 Communications was awarded the 15th spot out of 20 large companies for the SC Biz News' Roaring Twenties list, joining a diverse assembly of business across the Palmetto State.

"Our nomination as one South Carolina's fastest growing companies for both of these competitions has been humbling," said Dave Lewis, Chief Financial Officer of A3 Communications. "We acknowledge and appreciate all who have helped us make it here, including our clients, staff and the community."

For both awards, eligible companies must be located in South Carolina and meet certain operational and financial criterion. Rankings are determined by comparing company statistics for the

previous three fiscal years at the time of nomination. Positions are judged on both financial and employee growth.

"We're proud to be continually recognized for being one of South Carolina's fastest growing companies," said Brian Thomas, President of A3 Communications. "We would like to extend a special thank you to our community, our amazing staff and our fantastic customers for helping us earn these very special awards. Without them, this recognition simply wouldn't be possible."
