

## A3 Communications Earns Spot as Fastest Growing Systems Integrator for Fifth Consecutive Year

**COLUMBIA, SC (April 26, 2017)** — A3 Communications, Inc., a leading information technology and physical security provider, recently announced its recognition as one of America's fastest growing systems integrators for the fifth consecutive year, a rare honor. Sponsored by *Security Dealer & Integrator (SD&I)* magazine's prestigious 2017 Fast50 list, the firm earned the No. 7 rank.

"A3 Communications has experienced an incredible amount of sustained growth by focusing on our core services, while expanding our offerings to fill in our clients' inevitable gaps," said Brian Thomas, A3 President and CEO. "This integrated approach allows us to serve customers on every level, from project conception through the indefinite support and upgrade of their systems."

Thomas and Vice President of Physical Security Scott Grainger, accepted the award on behalf of the 120-person firm during a presentation at the ISC West 2017 Conference in Las Vegas on March 28. Jointly presented by ISC West and the Security Industry Association, the program determines rankings based on revenue percentage growth and overall revenue growth throughout the three previous years.

"To promote growth, it's crucial we meet our clients' demands in a way that is both convenient and accessible for them," said Thomas.

"The incredible A3 team proudly embraces this, along with the evolving nature of this industry. We appreciate this honor and owe it to their unparalleled dedication to client satisfaction, service innovation and overall standard of excellence."
